

♪ **Meet the Cellville Crew — Meet the Power in You!** ♪

CHORUS

Welcome to Cellville, meet the whole crew,
Every organelle's got a job to do!
Big jobs, small jobs, working through and through,
Meet the Cellville Crew — meet the power in YOU!

VERSE 1

Nora Nucleus keeps the blueprints safe and sound,
Mindy Membrane guards the border all around.
Sammy Cytoplasm flows everywhere,
Not an organelle — but he's still working there!

CHORUS

Welcome to Cellville, meet the whole crew,
Every organelle's got a job to do!
Big jobs, small jobs, working through and through,
Meet the Cellville Crew — meet the power in YOU!

VERSE 2

Ricky & Rudy Ribosomes build proteins down the line,
Ernie Rough Endoplasmic Reticulum folds them up in time.
Ellie Smooth Endoplasmic Reticulum makes lipids fresh and new,
Gigi Golgi packs and ships them — she knows just what to do!

CHORUS

Welcome to Cellville, meet the whole crew,
Every organelle's got a job to do!
Big jobs, small jobs, working through and through,
Meet the Cellville Crew — meet the power in YOU!

VERSE 3

Mike the Mighty Mitochondrion makes energy for you,
Perry Peroxisome helps with cleanup too.
Lenny Lysosome breaks the old stuff down,
Vicky Vacuole stores materials safe and sound!

BRIDGE

Even when you're sleeping, tucked in tight,
Cellville never stops, working through the night.
Growing and healing — amazing things they do,
All inside your cells — that's the power in YOU!

FINAL CHORUS

Welcome to Cellville, meet the whole crew,
Every organelle's got a job to do!
Big jobs, small jobs, working through and through,
Meet the Cellville Crew — meet the power in YOU!
